## HEAVY TONNAGE IN APRIL

LOADED CAR MOVEMENT WAS IN EXCESS OF FORMER YEARS.

President McDoel Sees a Prosperous Future for the Monon—General and Personal Mention.

Despite the light grain movement the train records show that freight traffic is heavy for the season of the year and above the usual April average. Last week Indianapolis lines handled at this point 1,821 more loaded cars than in the corresponding week of 1929, and 2,684 more than in 1928.

The grain shipments east still continue below those of either of the last twelve years, still there are more flour and cereal products being shipped than in April last year, and the refrigerator car traffic is in excess of that of the corresponding period last year.

West-bound loaded car movement continues heavier than east bound, and it begins to look as if present conditions would hereafter prevail most of the time, so large a per cent of the grain for export going by way of the Gulf lines. The most noticeable increase in business is in what would be called Central Traffic line freights.

Throughout Indiana, Illinois and Michigan there is a heavy movement of lumber, coal, machinery, agricultural implements, furniture and produce, and this business is on the increase. Especially is this noticeable with the north-and-south lines. At Indianapolis proper a larger tonnage of freights is being handled than in any former year.

More men are employed, and working conditions are noticeably heavier. Some of the roads are working Sunday gangs, although contrary to the spirit of the agreement between local agents. The train records show that there were received and forwarded at this point in the week ended April 12 a total of 23,373 cars.

22,073 being loaded, against 20,641 in the corresponding week of 1929, and 22,834 in 1928. The following table shows the number of cars handled at this point for the corresponding weeks of 1928 and 1929:

## STATE PRISON INQUIRY

INCIDENTS SHOWING THE ANIMUS OF CERTAIN NEWSPAPERS.

Studied Efforts to Discredit a Board Composed of Well-Known and Reputable Indiana Citizens.

So much has already been said, and so much is sure to be said, to discredit the investigation in progress at the Michigan City prison by the Board of Charities that it seems important to make clear a few points regarding it. For instance, the Chicago Record-Herald, the union of two once reputable newspapers, had the following editorial in Saturday morning's issue:

"Out of the farcical investigation of the prison abuses at Michigan City arise several questions of vital interest to the people of Indiana, and it is the duty of the State Board of Charities to see that they are answered."

"Is the State Board of Charities greater than the Governor who appointed it?"

"How these questions may be answered, it is evident that the contract between the State Board of Charities and the Michigan City prison contractors greater than the Governor and the two boards over which he has the power of appointment and dismissal?"

"However these questions may be answered, it is evident that the contract between the State Board of Charities and the Michigan City prison contractors greater than the Governor and the two boards over which he has the power of appointment and dismissal?"

"Who constitute this tribunal carrying on 'a farcical investigation?' Governor Durbine, ex-officio president; Judge Davis, an honored citizen and well-known lawyer of Terre Haute; Prof. Demarechus C. Brown, of Butler University; Timothy Nicholson, a citizen of Richmond, prominent in the Indiana bar; and William W. P. Cooper, an esteemed citizen of Fort Wayne, with Secretary Amos W. Butler, secretary of the Board of Charities. It is scarcely worth while to allude to the politics of these men, but as the impression seems to be abroad that it is a partisan board it may be said that two of its members, Governor Durbine and Judge Davis, are Democrats, and two others, Prof. Demarechus C. Brown and Timothy Nicholson, are Republicans. The Governor, a man who may be called a conservative in politics. And this is the board that is to investigate the prison abuses at Michigan City?"

It should not be so, but being so, it is necessary to say that the person representing the Record-Herald at the investigation, and doubtless the author of the editorial quoted, is a man with a strong bias against the prison contractors. He is one of those who persuaded Dr. Horne to make the charges. He is one of those who brought in to testify. He is partially insane, and his talk was that of an insane man. He is one of those who could not make an understandable statement Governor Durbine told the guard to take the contractor to the prison and let him be there.
